Learn what skin types are good candidates for each type of peel and what protocol will make you feel confident in achieving the results you are looking for. Application to both the face and the body will be discussed and demonstrated. By putting chemical peels on your menu you are offering your clientele a highly effective approach to combating aging, hyperpigmentation, acne scars, etc. See the added benefit by using Dermafiles in your treatment!

**February 10, 2020**

**Understanding Your Finances**

Claudia Rucker

10:00 – 3:00            \$50.00

When it comes to pricing your services in your salon do you freak out? Makeup prices as you go? Do you look at your competition for pricing strategies? Pricing is much simpler than you think. Numbers do not need to be scary. Following a step by step pricing process, you can calculate your prices and create peace of mind and financial abundance.

Three key takeaways:

1. Learn to price for profit
2. Get comfortable and create a better financial reality
3. Make better business decisions

**February 24, 2020**

These treatments will help to minimize the appearance of hyperpigmentation and prevent future development. Lecture & Demonstration.

**March 30, 2020**

**Brow Shaping, Tweeze, & Wax**

Karen Kubeck, L.E.

10:00 – 5:00     \$85.00

Learn how to be an expert at eyebrow shaping by creating pretty, natural, full eyebrows using a combination of waxing, tweezing, trimming and eyebrow dying. You will learn how to identify a perfect eyebrow and how to avoid making mistakes and what to do if you do make a mistake. I will teach you the importance of proper lighting and magnification as well as fixing a brow that seems impossible to fix and learn that removing only a few hairs can make all the difference. With the magic of makeup you will learn to fill in the brows to show your client how her eyebrows will look over time after she grows them back in. Be prepared to have your own brows discussed and worked on by me for demonstration. Please grow your brows out for the class. My philosophy is to show the student over and over my methods of creating the best brow to fit each client individually. Students will work on each other one at a time in front of me only. Men's brow shaping will be covered.
